EDUCATIONAL BACKGROUND

Ph. D. Operations Research, University of Texas at Austin.

M. S. Electrical Engineering, University of Texas at Austin.

B. S. Mathematics, Southwestern University, Georgetown, Texas.

“ EMPLOYMENT

Adjunct Professor, Executive MBA Program, City College (affiliate of the University of Sheffield, Great Britain), Thessaloniki, Greece, 2005-2008.

On Faculty Early Retirement Program Track, September 2003-June 2007.

Chair, Department of Management and Finance, California State University, East Bay, Hayward, California, 2001-2003.

Associate Chair, Department of Management and Finance, California State University, East Bay, Hayward, California, 1993-2001.

Professor, Department of Management and Finance, California State University, East Bay, Hayward, California, since 1973.

Founder and CEO of ASAM International, Inc., a software development and marketing company of computerized transportation management and shipment processing systems since 1986. Company acquired in 1997 and became the Shipping Systems Technology Division of Neopost, an international company of mailroom and shipping room systems and equipment. There is a Neopost / ASAM International customer base of about 6,000, using the systems nationwide.

Consultant on Strategic Alliances Development domestically and internationally, under annual contract, Neopost, Hayward, California, 1997-1998.

Consulting Engineer, Operations Engineering Department, Lockheed Missiles and Space Co., Sunnyvale, California, 1982-1993.

Security Clearance: Secret.

“ SOCIETIES AND HONORS

- Fulbright Exchange Student from Greece at Southwestern University.
- Brown Foundation Scholarship at Southwestern University.
- HKN, Electrical Engineering Honorary Society.
- Member, Decision Sciences Institute.
- Member INFORMS.

“ SKILL SET

- Operations Management / Operations Research
- Project Management
- Systems Analysis
- Risk Management / Statistical Analysis
- Quality Management
- Quantitative Decision Analysis and Decision Support Systems
- Educational and Training Programs Development and Implementation
- Training in Computer Assisted Managerial Decision Making
- Logistics and Supply Chain Management
- Warehousing, Distribution, Transportation and Shipping Technology

- Development of Strategic Business Alliances and Partnerships
