Call for Papers

6th IFNA World Congress

June 25th- July 1st, 2012, Athens, Greece

The congress will be held at the **University of Athens** and **Biomedical Research Foundation of the Academy of Athens**. The theme of the World Congress is

“Global Health, Environment, Economy, and Energy Using Mathematical Sciences.”

The **IFNA** Executive Committee, the Board of Directors, and the Board of Global Advisors would like to invite you to submit an abstract of your presentation at the **6th World Congress**

The program is interdisciplinary and covers a broad spectrum including but not limited to:

• **Pure and Applied Mathematics**

• **Engineering**

- **Statistics and Operations Research**

- **Business and Economics**

- **Health Science**

- **Energy**

- **Environment**

- **Biology, Chemistry, Physics**

There will be keynote speakers, invited speakers, participating speakers, special invited session speakers, and poster sessions. The accepted papers for presentation will be published in the **IFNA** proceedings.

To submit your abstract you may visit the following link <http://ifna2012.com/abstracts.html> .

IFNA is a non-profit educational and research oriented organization. Our ambitious goal is to assist in changing our world one area at a time.

IFNA is globally an interdisciplinary professional organization which seeks to promote understanding of related complex nonlinear problems and approaches to solutions from all disciplines.

Our focus is to gain understanding through

“Global Diversity, Cooperation, and Collaboration”.
