Dear Sirs, The following letter is intended to vigorously object to the blatant hostile propaganda that was depicted very recently on your program when it denied the Hellenic identity and descent of Alexander the Great

and the ancient Macedonians. I respectfully refer to you as a source regarding Macedonia the authoritative work by Nicolaos K. Martis entitled, "The Falsification of Macedonian History Ancient

Jewish sources and testimony on Macedonia" which not only educates the reader about actual historical fact as it pertains to Macedonia, but effectively repudiates Communist propaganda that had

been put forth by the late Yugoslavian dictator Marshall Tito, and which has been taken up by the

chauvinist government in Skopje.

No serious person could possibly mistake Macedonia with a Slavic people considering that the

Slavs

only arrived in the Balkan peninsula about one thousand years or so after the time of Alexander. The

denial of Macedonia's Hellenic identity demonstrates that your program has been hijacked by interests

intent on disseminating hostile separatist propaganda against the Hellenic Republic, and promoting

hatred against people of Hellenic ancestry throughout the world. To deny any nation and people its

identity as Skopje has been doing to the Greek people is thoroughly immoral and grotesque. By

disseminating the falsification of history, your program has become an instrument of a major propaganda

campaign of hate.

I would assume that a program such as yours would not wish to be actively involved in political matters,

but the fact remains that the recent episode which in effect denied the Hellenism of Macedonia is bound

to raise the ire of Greeks throughout the world, and serves to complicate the negotiations between Greece

and the government of Skopje at a very sensitive time when a breakthrough depends on the latter's

willingness to disavow its territorial claims against Greece, and to repudiate once and for all the identity

of Macedonia.
